

KXC Apprenticeship Departments

ARK

ARK is co-working with a difference. Our vision is to partner with the church to offer an affordable work space in an increasingly expensive city. A place where creativity can flourish, we welcome freelancers, start-ups and local business to join a genuine community. Working with the ARK team, you will be a part of curating that community, running events and getting involved in the day-to-day operations of a start-up.

Church Planting

Tim and Lulu May, in partnership with KXC and St Peter's Bethnal Green, are planting a Church in East London. You'd be part of their team and get experience of the very early phases of Church planting. There will be a ton of things to get involved in and bring your creativity too. Like the other apprentices you'll be in the shared accommodation and get the fortnightly teaching, however a majority of your time will be spent with Tim and the team.

Compassion

Working as part of our compassion team you will help manage and serve the ministries that create places of family, hope and freedom for our community, and provide a place of encounter with Jesus for the people of Kings Cross. You'd work with those who lead these ministries, engage with community leaders and help create resources to equip the church to become walking missionaries to those around them.

Evangelism

Joining with our evangelism pastor, you'll facilitate and help innovate Alpha at KXC. You will also contribute to the development of wider events, including evangelism training and creating opportunities for people to invite friends into the church community. There is a lot of scope in this department to bring your creativity to how we equip people in evangelism.

Kids

At KXC we have some incredible and hilarious kids who you'd get to disciple through Sundays, mentoring and socials. We also run a growing toddler group called Little Haven which you'd help run, playing with the kids and hanging out with the parents. We want to explore how we can make our kids work more missional, so you would be joining at an exciting time.

Media

It's been said that 'whoever tells the best story shapes the culture.' We believe stories have the potential to strengthen faith, build courage and shape culture. As a church, we long to get better at sharing the story we belong to, so that others may be drawn in and captivated by it and ultimately come to know the love of God. You'll be involved in the production of content that helps us communicate clearly and creatively with the church, local area and beyond.

Operations

Over the period of the apprenticeship, KXC will be sending out its first church plants. We are looking to establish a shared resource centre and the Operations placement will help to implement systems and processes to support these new churches.

Pastoral

As part of the pastoral and newcomers team you would be helping to create a culture of radical welcome and care within the church. You would work alongside leaders to facilitate and create events, courses and resources which provide opportunities for people to find belonging, support, healing and growth within the church community.

Prayer

At KXC we want prayer to be the foundation upon which everything is built. We want to develop a culture of prayer that releases the impossible and contends for God's Kingdom to breakthrough in this city. As part of the team, you'd work with those leading these ministries and help us to dream about how we can equip the church to push further into this area.

Students

Being a student is a formative time of someone's life and we want to help our students make the most of their time at University. You'll be involved in a range of things from evangelism, mentoring, prayer meetings and socials. We love our students at KXC!

Worship

Working alongside the Worship Pastor you'll get hands on experience as part of the worship & production team at KXC! You'll learn the ins & outs of leading a team, leading worship and what it takes behind the scenes to make it all happen. If you have a heart for God and the local church, then come be stretched and challenged to recklessly give yourself away in worship.
